DARNYTSIA

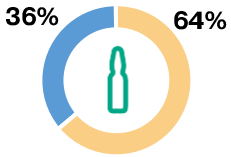
International Product List

2026

PRODUCTION POTENTIAL

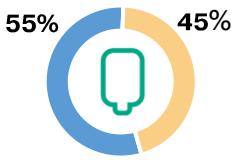
MODERN PRODUCTION PLATFORM

Ampoules production
460 million pcs



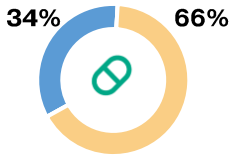
Modernized updated production, EU GMP certification, CIP and SIP cleaning systems and sterilization systems

Infusion solutions
15 million pcs



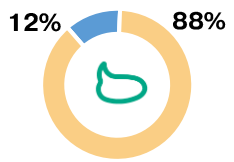
In 2015, the following were put into operation: production according to EU GMP certificates; BFS (polypropylene) technology for aseptic production of sterile medicines

Solid dosage
4.2 billion pcs



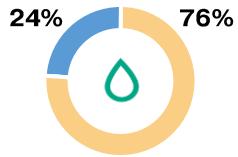
EU GMP certification. Possibility of expansion to production 4.5 billion tablets, sachets, solid gelatin capsules

Semi-solid forms
50 million pcs



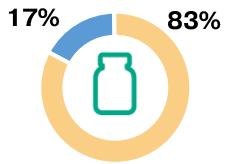
GMP certified production with CIP cleaning system

Liquid dosage forms
40 million pcs



GMP certified production with CIP and SIP cleaning systems and sterilization systems

Sterile antibiotics
30 million pcs



GMP certified production that complies with the strictest safety regulations to prevent contamination (separate building)

Production facilities Production 2024
